## **Professional experience**

2014 to now
2013 to 2014
Research fellow at INRA, UMR Éco Pub, Paris
2011 to 2013
Postdoctoral fellow at CNRS, UMR Cesco, Paris

### **Education**

2008 to 2011 PhD in Economics at INRA and Université de Bourgogne
2007 to 2008 MA in Economics at PSE, Paris School of Economics
2005 to 2008 MA in Economics at Université Aix-Marseille II

#### Research interest

**Land Economics** Land use choices and land price patterns in relation to agricultural, environmental and urban outcomes. Impacts of public policies related to land use and land prices.

**Wine Economics** Consumers' preferences for wine characteristics, vineyard prices in relation to geographical indications and environmental factors. Impacts of public policies related to the wine sector.

**Applied Econometrics** Spatial econometrics, geographically weighted regression, causal inference, best unbiased predictions, discrete choice models.

## **Current papers**

- The signaling values of nested wine names (with Julie Le Gallo) [ wp ]
- The cost of noncompliance: Evidence from mandatory control of a quarantine pest in French vineyards (with Estelle Gozlan and Emmanuel Paroissien) [ file ]
- Announcement effect from undergrounding high voltage overhead transmission lines: Quasi-experimental evidence from rural France (with Tina Rambonilaza and Jean Dubé) [ file ]
- Socio-spatial distribution of housing wealth and capital gains (with Thibault Le Corre)
- The extensive and intensive margins of homeownership (with Rémi Lei, Olivier Dupré and Julie Le Gallo)
